"Where there is love there is life."

Your Elopement & Bespoke Micro Wedding

- Qambathi Mountain Lodge offers fabulous wedding venue options with close proximity to the Midlands and Drakensberg. The boutique barn with its large fireplace, boma and stunning mountain views is perfect for summer and winter weddings. Another option is a forest wedding on the pretty timber deck tucked into the indigenous forest with a little river running through it, and then there is the main lodge, which has a gorgeous chill deck overlooking the gardens.
- Qambathi Mountain Lodge also offers you the opportunity to tailor make your wedding to include a special weekend of bush dinners, picnics, fly fishing, hiking, horse riding and golf.
- Up to 10 Guests can be accommodated at any of the different venue options at Qambathi . An old sandstone church is situated less than 10 minutes from the lodge or the gardens offer many options for the ceremony. The entire lodge forms part of our wedding packages, with fully catered options.

"Love makes your soul crawl out from its hiding place."

The Reception

Our Wedding "Barn" was originally built by the Barnes family, the previous owners of the farm for their daughters wedding. Recently Renovated, it features a beautiful large fireplace, exposed beams and beautiful exposed brickwork. Big enough to hold 20 guests with options of indoor or outdoor dance floor. There is also a beautiful boma and fire pit attached making a perfect setting for a winter and summer wedding alike. Our venue can be set up for a formal seating or a more relaxed buffet/family style dining and everything in-between.

Qambathi is all about options. In addition to the venue barn, why not host your wedding in our stylish lodge with a beautiful pool deck and adjoining gardens for a relaxed indoor/outdoor wedding. It creates for a very chilled and less formal reception. Create a beautiful atmosphere with fairy lights and mood lighting. Ideal for a daytime wedding or weather permitting al fresco dining under the starry Drakensberg sky.
